The Unionville Tennis Club

## **2007 Wednesday Night Mixed Round Robin New Registration Process**

The Wednesday night mixed Round Robin is an increasingly popular social program open to Unionville Tennis Club members only. In an effort to be fair to all Round Robin applicants, we are excited about introducing a new electronic booking method which will allow the Round Robin members flexibility in booking session times and Wednesday evenings.

By utilizing this online booking system, UTC can ensure that the courts are filled to capacity with virtually no cancellations.

Instead of signing up and paying for each spring, summer or fall Round Robin with a specific time session, members will sign up and pay once in the spring for the entire tennis season. The one time fee of \$20.00 (GST incl.) per person will allow RR members, on a weekly basis, to book online a session for the following Wednesday's Round Robin. This new system will also allow members to choose which time session they prefer for the upcoming week. As before, you may only choose 1 time session per Wednesday evening. A member can also choose to not book for a particular week if they are unavailable to play.

The new time sessions are:

- 6:30pm to 7:45pm
- 7:45pm to 9:00pm
- 9:00pm to 10:15pm

The Wednesday evening Round Robin will commence on May 9/07 and continue through until the end of September.

There are a limited number of openings for Round Robin members. \*Completed and paid applications received prior to April 15 will be assigned (via email) a Login and round robin member ID number so that they may access the UTC Wednesday Evening Round Robin booking schedule online. A waitlist to become a Round Robin Member will be created if applications exceed capacity.

It is recommended that those persons wanting to play the Round Robin, who do not have access to email, consider asking a friend having email, to assist them.

\*See the FAQ sheet for more details.
