

Challenge Court at UTC

1. All members welcome.
2. Challenge court will be Saturdays and Sundays Court 1-1pm-5pm.
3. If no challengers are present, Court 1 can be used for random play –under the understanding that if a third challenger arrives – then court one will be allocated immediately for challenge play. If two people are playing random tennis, their current game or match or practice is immediately over and they must begin their challenge match immediately whether or not they are in the middle of a set or game. Their current game or set should end immediately even if it is unresolved. If a member is not willing to do this, they should **not** begin play on court 1.
4. Procedure: write your name on White Board on Court 1 upon arrival. Erase name when you go on.
5. Take one minute warm-up. First person to win 2 games wins.
6. Winner stays on to play next challenger.
7. A winner may stay on for a maximum of 3 challenges.
8. If you lose or come off the court because you played 3 times, you may write your name up on the board again.
